Re: Wilmington - Olin Chemical Site, 51 Eames Street,
DEP RTN: 3-11816

Dear Ms. Armstrong:

In response to the November 17, 1994 notices to my clients, The Biltrite Corporation and American Biltrite, Inc., I requested certain information that may be in the DEP files in order for us to respond appropriately. You have informed me that the material requested will not be available by the interim deadline of December 7 as established in the November 17 NOR.

Accordingly, we have agreed that the response to the NOR by my clients is extended to and including ten days after we receive from you the response to our request for information contained in the DEP files. I trust this adequately and fairly reflects our understanding.

Very truly yours,

Roscoe Trimmier, Jr.
